## Chapel of the Christ construction update

**Exterior work:** Brick and window installations are complete. (Areas directly below the roof line will be finished with metal panels in October and November.) The cupola is being fabricated. Installation of sidewalks and front patio (*pictured right*) has begun.

**Interior work:** Walls have been drywalled and painted. All exposed structural wood has been stained. Floor tile installation has begun.

**Organ construction** has begun at the Schantz Organ Co. in Orrville, Ohio. (*picture from Schantz website*)
