## Sports Information

The Martin Luther College Sports Information office will provide in-game statistics for the sports of football, soccer, volleyball, basketball, softball and baseball. A computer print out will then be provided by the SID's office for distribution. The stats will be presented to the visiting team's coach following the game and the stats (both recent game and cumulative) and game results will be posted on the Athletic Department web page by the next day.

The Sports Information Office faxes/phones in final results to the two main newspapers in the Twin Cities area, various national outlets, the AP and also to any media outlets supplied by the opposing team. Visiting coaches or SIDs are more than welcome to call, e-mail or fax the Sports Information Office (information on back side) with any media outlets to where they would like their stats distributed.

Phone lines for radio, press box usage, and any other media requests can be made by contacting SID Mike Gibbons 507-233-9128. For radio broadcasting use please contact the SID's office about one week prior to the event.
